

GOVERNOR SMALL VISITS JACKSONVILLE

CHIEF EXECUTIVE IS SPEAKER AT OPENING OF AUTOMOBILE SHOW

Also Visits State Institutions and Attends
Hard Road Meeting—Urges Support of
Wheeler and Moore—Declares His Inno-
cence of Embezzlement Charges Pending

Governor Len Small was a visitor in Jacksonville Monday. The governor reached the city on the noon Wabash train, was a luncheon guest at the State School for the Deaf and then made an inspection trip to the State School for the Blind and Jacksonville State hospital. He held a conference at 5:15 o'clock relative to the hard road west of Jacksonville, at 6 o'clock was the guest of honor at the dinner given by the Jacksonville Automotive Dealers association, and at 7:30 o'clock made an address at the Auto Inn formally opening the automobile show of 1922.

In his address the Governor reviewed the record of his administration, especially with reference to hard roads, and declared his innocence of the embezzlement charges pending against him. Laying special emphasis upon his earnest desire to push the hard roads program in every county of the state, the governor urged support for the candidacy of Dr. J. A. Wheeler as senator from this district, and Samuel E. Moroe as member of the legislature.

ULSTER ACTION CLEARS THE WAY FOR CONFERENCE

Government Will Try
to Bring North and
South Together

(By The Associated Press)
LONDON, March 27.—The acceptance today by Ulster of the invitation to attend the Irish conference cleared the way for a gathering Wednesday at which the British government will make a determined effort to bring the Northern and Southern Ireland into accord on some basis which will make for peace in Ireland.

Arthur Griffith, Michael Collins and Eamon J. Dugan will represent the south and Sir James Craig, the Ulster premier and several members of his cabinet the north. The British representative will be Winston Churchill, the imperial colonial secretary and other members of the government and perhaps Premier Lloyd George.

There is talk in official circles that the government will suggest a truce on the border to give the southerners and the Ulsterites ample time to discuss a basis for the settlement of the frontier and other vexed questions. Neither the Ulsterites nor the free states appear to be eager for the conference.

Some fears were expressed to-night that the statement of Mr. Collins was calculated to jeopardize the conference, but students of the Irish situation advanced the opinion that Sir James Craig would not take it to heart but would assume it was made for electioneering purposes in the south, where the followers of Eamon DeValera might try to take political capital out of a meeting of the free states with the Ulster premier.

The situation on the border in Ireland continues tense but no developments were reported today.

In Dublin, Richard Mulcahy the Irish minister of defense said that all persons who had attended Sunday's convention called by certain members of the Irish Republican army would be automatically suspended from the army.

WOMEN MUST NOT SMOKE IN PUBLIC IN NEW YORK CITY

Order Issued to Police
Monday by Commis-
sioner Enright

(By The Associated Press)
NEW YORK, March 27.—Police Commissioner Enright tonight issued orders for police to arrest any proprietor or manager of a hotel, cabaret or other place of public entertainment who permits women to smoke publicly in their establishments. The commissioner's order was issued pursuant to the text of an ordinance adopted by the board of aldermen and signed last week by Mayor Hylan.

Groups of detectives and policemen immediately started on tours of amusement places and resorts in Greenwich village, the Bronx and along Broadway. Smoke had been curling around the heads of women since early evening.

They passed the news along to the resort keepers and his announcement brought boos and groans. There had been no warning of such an order and it was taken as a joke by many.

Violation of the ordinance is punishable by a fine of from \$5 to \$25 or by imprisonment of not more than ten days or both.

Sonia, the "cigarette girl" of Greenwich village curled her lips scornfully when she heard the news.

"Piffle!" she exclaimed, "might as well try to stop us from using rouge—it's a habit."

Everywhere the announcement raised a storm of indignation. The cry of "author, author, who's the author of the blue law?" was raised—and went unanswered, until Alderman Peter J. McGuinness was identified as the author. He admitted it. He declared he was absent from the board meeting the day it was passed and didn't know anything about it until informed tonight.

"It's queer to me how it passed," he said. "Those lean, long-necked guys were never in favor of it. They have no backbone. I don't believe it passed. You're kidding me. I may be the beneficiary of a clerical error but say I'm tickled."

Many well-dressed men and women of the city denounced the ordinance as "unconstitutional."

Their opinions followed:
Mrs. Olive Scott Gabriel, lawyer and Republican leader:—"I don't smoke because I'm just old-fashioned enough not to want to. But I oppose every infringement on the rights of men or women. This ordinance is worse than the eighteenth amendment."

Mrs. Nellie Beebe, political leader:—"It's a good law if they can enforce it. But it will make women smoke all the more just like the prohibition law made men drink all the more."

Lillian Sierre, Democratic leader:—"I think it is an outrage. I believe the law will be repealed."

Miss Mary Wood, president of the State Republican Women's association:—"Perhaps they will have to wipe out women all together after while in order to remove all temptation. The most representative and intelligent women smoke. This ordinance would make them all criminals."

The manner in which the ordinance reached the mayor is enveloped in a screen of mystery.

Alderman William T. Collins, Democratic floor leader, stated tonight that a motion filed by the ordinance automatically killing it was carried January 10 and that he was certain the measure had not been resurrected. Mr. Collins added that to his knowledge no such ordinance ever had been adopted by the board.

A curious feature of the ordinance is that it does not subject the smokers to punishment. This fact and the probability that the ordinance never was passed caused feminine joy thoughts.

NEW ADMIRAL OF PROHIBITION NAVY IS UNDER COVER

Denies Himself to Photo-
graphers and Inter-
viewers

(By The Associated Press)
WASHINGTON, March 27.—Lieutenant Jack, the "admiral" of the recently organized prohibition navy was sighted today for the first time since his connection with the new rum-chaser fleet became known. The coast guard officer has been keeping his mast head well below the publicity horizon and denying himself to photographers and interviewers.

Acting under express and strict orders from his prohibition commanders, Lieutenant Jack declared he could say nothing concerning his connection with the new dry law enforcement force. Coast guard officers declared that Lieutenant Jack was assigned to the prohibition unit as liaison officer for the coast-chasers being loaned by the coast guard because of his long experience with all types of small boats and his familiarity with the Atlantic coast waters and the streams emptying into the sea. His advice, it was said, would enable the establishment of the rum patrol and a strategic disposition of the sub-chasers.

According to high prohibition officials, Lieutenant Jack is to have general charge of the fleet of rum chasers and will have general direction of their operation from the prohibition high command.

PLANS FOR AIR ROUTE TO PANAMA

Washington, March 27.—Plans for early establishment of an air route to the Panama canal zone as a matter of national defense are being pushed by the war department, Senator Weeks announced today.

When landing places have been surveyed and selected, he said, army planes will be sent to the zone under their own power.

UNEMPLOYED GET SPRING FEVER AND PARADE IS FAILURE

Twenty Seven March to the
City Hall in New York
Monday

(By The Associated Press)
NEW YORK, March 27.—Spring fever today made unnecessary elaborate precautions taken by the police to guard against possible disorders in a parade of unemployed scheduled to march upon City Hall with demands for jobs.

There was no disorder and unless the blue coats who marched into City Hall Park like a pocket edition of the annual police procession were included.

One branch of the parade—seven weak—set forth and in Chinatown joined the second branch with nine in line. Alternately picking up recruits and dropping them they wound up in front of the city with a total of 27. Police permits which their leaders carried stated that 2,000 might march.

Guarding the surviving 27 were:

Fifty police afoot, a dozen on horse; six department of justice agents, several members of the both armed and divers police inspectors, captains and lieutenants.

At City Hall Park there came a pause, while a committee of six was appointed to wait on Acting Mayor Huihert. On the park benches sat more unemployed. Whether it was the balmy lassitude spring breeze that lulled them or a distrust in the efficiency of an appeal for work to the municipal authorities they could not be induced to join the parade. "Hardly an unemployed conference was a fake," "Trade with Russia means work for us," and the like were never raised.

BOYS CONFESS TO STEALING AUTOMOBILE

(By The Associated Press)
VALPAIRO, Ind., March 27.—Clarence Funker, 18 and Alfred Smith, 17 of Toledo were arrested this afternoon on a charge of having stolen an automobile at Elkhart, Ind.

The boys, it was said, destroyed the certificate of title to the machine after going into a ditch east of the city. They were arrested on suspicion and after being questioned, police said they confessed to stealing the car.

STANDARDIZED CODE OF ETHICS FOR SCOUTS

(By The Associated Press)
CHICAGO, March 27.—A standard code of ethics for boys is the contribution of the Boy Scout movement to the present day problem of youth, James E. West, of New York, chief scout executive of the United States said today in opening a meeting of scout field directors.

"In these jazz times" boys are particularly in need of moral leadership," he said, "the scout movement popularizes decency by giving volunteer leaders to the boys who can be looked up to and who provide an example which the boys want to follow."

Organization on an international boy scouts organization that will be an influence for world peace is one of the objects of the national convention which will open Wednesday.

PRESIDENT HARDING GUEST OF ROTARY CLUBS

Washington, March 27.—President Harding was the guest tonight of the fifth district convention of the International Rotary Clubs at a theater. The visiting delegates and their wives were received by Mr. Harding at the white house in the afternoon.

OPERATORS AND MINERS TAKE UP NINETEEN DEMANDS

Abandon for Present
General Discussion
of the Industry

(By The Associated Press)
NEW YORK, March 27.—The anthracite miners' and operators' sub-committee on wage contract negotiations today abandoned their general discussions of the industry and got down to the nineteen demands of the workers.

Negotiations were restricted to the second part of demand number one, relating to establishment of a scale for operators of mechanical loaders, and demand number three, which says:

"In conformity with the thought expressed in the award of the United States anthracite coal commission, we demand that a uniform wage schedule be established so that the various occupations of like character at the several collieries shall command the same wages."

The miners restricted the discussion to presentation of a vast array of statistics as evidence in support of their demands.

The chief demands of the miners and the crux of the anthracite situation—the demand for a 20 per cent increase in wages throughout the industry and a raise of \$1 per shift for day laborers—will be broached before the committee tomorrow or Wednesday, union committee men announced.

Operators refused to comment on the present status of the negotiations except to agree with the miners that negotiation of a new contract in time to halt suspension of the anthracite mines April 1 is not in sight.

"The data for a complete presentation of our case is in our hands," said Thomas J. Kennedy, labor member of the committee. "We are now ready to put it up to mine operators."

Ten thousand members of the International Seamen's Union in the port of New York are awaiting the return of their president, Andrew Furuseth, from Washington tomorrow to decide whether they will interfere with the proposed importation of British mined soft coal to help break the strike of the bituminous miners, also set for April 1.

Coincidental with the seamen's preparations for action, Joseph P. Ryan, vice president of the International Longshoremen's Association, asserted today that its 75,000 members intended "to give every possible assistance to the United Mine Workers."

UNWRITTEN LAW PLEA IN STONE KILLING

(By The Associated Press)
NEW YORK, March 27.—Ten jurors tonight had been tentatively picked to try Miss Olive M. P. Stone, a graduate nurse, on a charge of having murdered Ellis Guy Kinkead former corporation counsel of Cincinnati, in front of his Brooklyn home last August.

Defense counsel showed a deference for married men or single men with grown sisters or sweethearts.

In court with Miss Stone was the lawyer's widow.

The defendant who wept almost continuously during the morning, regained her composure in the afternoon.

Questioning of prospective jurors by Miss Stone's counsel indicated that the defense would be based on a plea of the "unwritten law" as "stuff" and characterized the shooting of Kinkead as "mining camp tactics."

SKATING RINK IN CHURCH BASEMENT

(By The Associated Press)
El Paso, Texas, March 27.—Rev. Henry Van Valkenburgh, pastor of the First Methodist Church today announced that he had completed arrangements to open at once a big skating rink in basement of the church to offset the dancing craze. It will be a community proposition he said, and no charge will be made. Skating will be enjoyed day and night, he said.

TEXTILE WORKERS GO ON STRIKE

LAWRENCE, Mass., March 27.—Seven thousand five hundred textile operatives in seven cotton mills here left their work without disorder today in protest against a wage reduction approximating 20 per cent. An additional 7,000 workers were idle as the result of a shutdown of the Arlington Mills.

The strike marked the spread to this textile center of the controversies that have tied up the cotton industry in Rhode Island and New Hampshire for several weeks.

SENATE FINALLY GETS ITS PARLIAMENTARY TANGLES UNRAVELED

Joins Supplementary Agreements and Then
Ratifies Them by a Unanimous Vote—
Democrats Oppose the Method of Adopt-
ing Supplements—Amendments Rejected

(By The Associated Press)
WASHINGTON, March 27.—The senate finally untangled its parliamentary difficulties over the four power treaty supplements today by joining the two supplementary agreements and then ratifying them both by unanimous vote.

One supplement in the form of a treaty defines the geographical scope of the four power pact so as not to include the Japanese homeland. The other attached to the first by today's action in the form of a "reservation" stipulates that issues which are purely of a domestic character cannot be brought before the four power "conference." The vote on the ratification resolution was 73 to 0, opponents of the four power plans joining in giving approval to the supplements because they interpreted the two agreements as limiting and curtailing the operation of the principal treaty. Several attempts to attach other reservations which had failed when the four power treaty was under consideration were defeated by the usual pro-treaty and anti-treaty lineup.

As soon as the vote had been completed Senator Lodge called up the naval limitation treaty establishing a five-five-three capital ship ratio for the United States, Great Britain and Japan. Debate on it is to begin tomorrow and administration managers expect to see it ratified this week.

The plan of combining action on the two four-power treaty supplements was proposed by Senator Lodge after he had decided it was unnecessary to present two separate ratification resolutions. The treaty opponents holding that the domestic questions supplement really was a part of the four pact protested that the method finally settled upon by the Republican leader was but a weak and unsatisfactory way to solve the parliamentary problem, but Mr. Lodge and others insisted it would be effective.

By Senator Hitchcock, senior Democratic member of the foreign relations committee, it was declared that the senate's action in giving belated approval to the supplement "is an admission to Japan that the supplement's provisions are not a part of the four power treaty." Other Democrats argued that the only proper procedure was to reconsider the vote ratifying the four power pact so as to include the supplement in that ratification. Adoption of the domestic questions supplement as a "reservation" to the geographical supplement was by a viva voce vote.

Attempts were made to attach other resolutions, Senator Pittman, Democrat, Nevada, presenting the Lodge league of nations reservation on domestic questions, and Senator Robinson, Democrat, Arkansas, introduced again his proposal that outside powers be invited to join in the Pacific conferences affecting their interests. The Pittman reservation was defeated 21 to 49 and the Robinson reservation was rejected without a roll call.

Senator Robinson also sought without success to amend the supplementary treaty so that the island of Sakhalin also would be excluded from the operation of the four power plan.

BANDITS LOOT HOME OF BOARD OF TRADE MAN

Get Truck Load of
Liquor Valued at Ap-
proximately \$9,000

(By The Associated Press)
CHICAGO, March 27.—Nine armed and masked men tonight invaded the home of Arthur W. Cutten, wealthy board of trade operator near Downers Grove, a suburb, held up Mr. Cutten, his family servants and escaped with \$500 in currency, considerable jewelry and a truck load of liquor valued at approximately \$9,000.

The robbers arrived at the farm in a large automobile and gathered into one room, took everything of value they possessed and cut the telephone wires before departing.

The loot was piled into a small truck they found in a barn and this accompanied the larger car when it departed.

STAGE OF RIVER CONTINUES HIGH

MEMPHIS, Tenn., March 27.—With a Mississippi stage exceeding 43 feet at Memphis and 52 feet at Helena, Ark., predicted before the end of the week, government and levee engineers tonight expressed the belief that the levees south of Cairo would stand the strain and that no serious break was looked for, with the water now in sight between Cairo and Memphis. Every possible preparation for an emergency has been made by both federal and state authorities.

The river at Memphis tonight showed approximately 41.6 feet on the gauge.

At Cairo the river was still stationary but with indications according to weather bureau officials that the heavy rains in the central valley might cause a slight rise there before tomorrow night.

A considerable rise at St. Louis was reported last night and today.

Chicks grow and Grow and GROW

You will be surprised how rapidly your chicks will grow when fed on Blatchford's Chick Mash (formerly Blatchford's Milk Mash). Many users say they can almost see the little fellows grow. In fact there isn't another feed on the market that will push them along as rapidly, or as satisfactorily.

Blatchford's CHICK MASH

(formerly known as Blatchford's Milk Mash)

Blatchford's is not simply a feed for chickens. It is a carefully milled and prepared milk-substitute which is used by the most prominent poultrymen in the country for starting and growing their chicks. We recommend it. A trial will convince you that it is in a class by itself.

THE BAKING POWDER QUESTION SOLVED

Most housewives proclaim that the baking powder question was solved for them the moment they used the first spoonful of Calumet. After that no doubt remained, no hoping—no searching for a perfect leavener—no wondering if bakings would "turn out all right."

CALUMET BAKING POWDER

has solved the question because in all these thirty years it has never failed to produce wholesome and appetizing foods at an economical cost. It is as pure and sure as any baking powder ever made.

Calumet is more economical than other brands because it is the highest—no losses from spoiled bakings.

Use Calumet once—that's enough to prove to you that it's "best by test."

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

MRS. ELVA CAULKINS

"I have gained thirty pounds since taking Tanlac and never felt better in my life than I do now. Mother says she hasn't seen me looking so well since I was a girl," said Mrs. Elva Caulkins, 303 Blandina street, Utica, N. Y.

"For eighteen long years I suffered from stomach trouble and sluggish liver, and during all that time I hardly knew what a well day was. As I almost starved myself to death trying to avoid indigestion, I fell off until I was hardly more than a shadow, and was so weak I was barely able to drag myself around the house. As a result of my long suffering I became almost a nervous wreck."

This was the condition I was in when I started taking Tanlac, but today I am strong and well, feeling and looking like a different person from what I did a short time ago. It is no wonder to me that so many people praise Tanlac to the skies."

Tanlac is sold in Jacksonville by Coover Drug Co. and Shreve Drug Co. and by leading drug stores everywhere.—Adv.

FIRST BLOCK IS WON BY JAKE SCHAEFFER

Champion Defeats Challenger Hoppe By Close Score—Both Miss Easy Shots in Closing Innings.

Chicago, March 27.—Young Jake Schaeffer, world's 18.2 ball-line billiard champion tonight defeated Willie Hoppe, former title holder, 500 to 456 in the first block of the 1,500 point match.

The play was spectacular, both men doing some wonderful work and each throwing away chances to win near the end thru off color work.

Schaeffer's work was the more brilliant, the champion giving a splendid display of shot making. Hoppe excelled in consistent play.

Hoppe's run of 250 in the sixth inning unsettled Schaeffer but neither player was able to take advantage of the other's misplays, both missing miserably in the last few innings.

Score by innings:
Schaeffer—0, 8, 0, 252, 40, 145, 11, 9, 1, 34—500.
Average 50.
Hoppe—2, 14, 55, 114, 9, 260, 9, 2, 1, 4—456.
Average 51 7-9.

OBITUARY.

J. C. McDaniel died suddenly at his home three miles east of Chapin, near the hour of seven o'clock Saturday morning. He was about the house at his usual morning work preparing breakfast for himself and his son, Author. When the son returned to the house from doing the morning chores, he found his father lying on the floor apparently lifeless. He at once notified the neighbors and called the family physician, but before the arrival of Dr. Roberts, Mr. McDaniel had passed away. His sudden demise was a great shock to the immediate family and relatives.

Deceased was the son of John and Margaret R. Milda McDaniel, and was born near Mt. Sterling, July 12, 1857, and died March 25, 1922, and was therefore 64 years, 8 months and 13 days old. He was united in marriage May 6, 1875, to Ella Jane Vantassel, nee Mr. Sterling, Ill. To this union were born eight children, three of whom, with the mother, the latter passing away, Oct. 15, 1909, have preceded him in death.

Those surviving are: Alonza, William, John and Mrs. Viola Ishmael of Chapin, and Arthur, who made his home with his father. He leaves also nine grand children and the following brothers and sisters, Thomas, Nathan, Nim, Adam and Stephen, of Chapin; Mrs. Susan Bell, Davenport, Iowa; Mrs. Margaret Wheeler, Versailles; Rosetta Surratt, Merritt; Mrs. Armenda Surratt, Jacksonville.

A number of years ago he united with the Chapin Christian church. He had been a resident of Morgan county about 25 years, coming here from Brown county. He was a farmer by occupation and had resided in this neighborhood about 28 years.

Funeral services were conducted from the residence Monday afternoon at 2:30 with burial in Jordan cemetery.

HOTEL ROBBERIES

TOTAL \$25,000
Chicago, March 27.—Hotel robberies totalling more than \$25,000 in the past few weeks were attributed by the police to two men arrested today after they had held up and robbed two men and a woman in their room in a downtown hotel.

The two, Saul Heller and Victor Imman, were declared to have entered the room with drawn pistols and taken what jewelry and valuables they could find. They were caught in the lobby. Later, according to the police Heller was identified as one of two men who recently held up and robbed Robert Young, a diamond merchant of unset diamonds valued at \$25,000 in his room in another hotel.

AUTOMOTIVE MEN HOSTS TO GOV. SMALL

Chief Executive of State Guest of Honor at Dinner Given at the Dunlap — Group of Visitors Heard in Informal Talks.

The plans had been well made for the dinner given at the Dunlap hotel Monday night for Governor Small by the Automotive Dealers' association of the city. Members of the association and guests were present to the number of 52. In every way it was a very pleasant social event.

The tables had been very handsomely decorated with stills and baskets of sweet peas and the dinner menu was excellent. Grace was said by Rev. E. L. Fletcher.

After the final course J. G. Berger, as president of the Automotive Dealers association, extended words of gracious welcome to the governor and then asked Mayor E. E. Crabtree to preside as toastmaster. Mayor Crabtree first introduced Governor Small, voicing the pleasure that the people of Jacksonville had in the presence of the chief executive of the state.

Governor Small said that the community was to be congratulated upon the association which made the automobile show possible, for such events can only happen thru the hearty co-operation of business men. The governor suggested that he would leave speech making to others at this time since he was to make the evening address. Others who were introduced and spoke briefly were State Auditor Andrew Russell, Senator Wheeler, Col. Frank Whipp and Samuel E. Moore.

Then Mayor Crabtree asked the 21 members of the Automotive Dealers association to stand and be presented to the governor. These men, the hosts of the occasion, stood at attention while the governor waved his acknowledgment and the crowd cheered.

Various other guests were then presented, including Mayor L. F. Berger, H. D. Berger, Dr. Neville and Dr. Hammond of Meredosia; Elmer Caldwell, Havana; R. Y. Rowe, president Jacksonville Chamber of Commerce; W. E. Sullivan, president Morgan County Good Roads association; W. L. Fay, editor of the Journal; Felix E. Farrell, president Kiwanis club; V. R. Riley, president of the Rotary club; W. A. Fay, manager the Courier; Harold Welch, secretary Chamber of Commerce; T. M. Tomlinson, president State Clothiers' association; Dr. E. L. Hill, Col. O. C. Smith and R. W. Woolston, managing officers of the three state institutions located in Jacksonville.

It was a wholly informal dinner at which the greatest good fellowship prevailed. Adjournment was taken promptly at 7:25 on account of the opening of the automobile show at 7:30 o'clock.

Burial was in Chapin cemetery, the bearers being Omer, Wilbert, Sherman, Elmer and Lester McDaniel, Thomas and James Surratt.

MILLIONS OF FISH PUT IN LAKE MICHIGAN

Chicago, March 27.—Six million young lake trout and 200,000 silver scaled Kennerly salmon were dumped into Lake Michigan off Waukegan, today the first move in a campaign to restock the various waters in Illinois with game fish. The fish were hatched at the state hatchery at Spring Grove where 20,000,000 wall eyed pike, 5,000,000 pickerel, 800,000 bass and 100,000 rainbow trout are being bred for the same purpose.

During this meeting Frank Collins was elected to membership in the society.

Howard Wilson, who is here for the spring vacation, from Chicago University, gave an interesting discourse to the society.

URGES WITHHOLDING CRITICISM OF SMALL

Dr. Thomas W. Smith Says Should Wait Until Returns are In—Preached Strong Sermon in First of Pre-Lenten Services.

A kindly response to Dr. Thomas Smith's opening remarks relative to Governor Small's visit to the city was given last night at the first of the series of Pre-Easter meetings being conducted by the ministerial association. Dr. Smith, the preacher of the evening, prefaced his sermon with earnest invitation to the visit of Governor Small. He urged his hearers to go slowly in criticizing or condoning the chief executive and to wait until the returns were in before rashly jumping at conclusions.

The meeting was held at Centenary church, with the pastor, Rev. C. D. Robertson presiding. Miss Grace Terhune rendered special music. Rev. M. L. Pontius led in prayer. Rev. Thomas Smith read the Scripture and preached a strong sermon on "Power," using Luke 10: 19 as a text. Rev. W. H. Marchall pronounced the benediction.

The second of this series of meetings will be held tonight at seven-thirty o'clock at Congregational church. Following the agreed upon plan the preacher will not be announced until at the service. An offering will be received to be used to defray expenses. Everybody is cordially welcomed to attend these unusual services.

Governor Small Visits Jacksonville

(Continued from Page One)

tion as compared with those of other administrations during past years.

According to the records of the Division of Highways from the year 1914 to the beginning of this administration, January 10, 1921, there was spent for road purposes by the State from State funds in Sangamon and Morgan counties, \$861,664.60, of which \$855,698.53 was spent in Sangamon county and \$6,966.07 was spent in Morgan county.

During the year 1921, with the exception of 4 miles at Riverton where the right-of-way has not been received, we have let the contract for road issue Route No. 10 clear across Sangamon county from east to west and to Jacksonville from west to east, a total of 47.77 miles at a cost of \$1,215,097.77, of which 31 miles is in Sangamon county and the contract price is \$880,000 and 11 miles in Morgan county at a cost of \$335,000.

In addition to this the Legislature last year passed a bill re-

funding to the 60-odd counties of the State of Illinois, for money advanced for the building of hard roads during previous administrations which money was spent before my term but no appropriation had been made for its repayment. The sum of \$6,758,672.00 of which amount Sangamon county will receive \$295,706.24 and Morgan county will receive \$7,966.07, making a total appropriation to the two counties in this senatorial district of \$303,672.31.

Road Work in This District.
During this administration last year, we completed and paid \$420,841.44, representing contracts previously made and we have let new contracts amounting to \$1,215,097.77. Adding to this amount the \$303,672.31 which was appropriated at the last session of the Legislature and will be paid to the counties of Sangamon and Morgan this year, this administration, in 15 months, has paid and contracted for hard roads costing \$1,939,611.52 as compared with \$861,644.60 which had been spent by the state for hard sur-

faces roads in these two counties in all previous administrations. Or in other words, this administration has appropriated and spent more than twice as much in this senatorial district than all former administrations combined.

And no man is more entitled to credit for this great progress than is Senator Wheeler.

And yet, the men who are attempting to defeat him by malicious falsehoods, are openly charging that this administration is discriminating against Sangamon county.

By this time next year, the people of Jacksonville and Morgan counties will have a hard road running across the State to the Indiana line and connecting them with all of the north and south roads in the State.

Have you read the charge that I am attempting to remove the State Fair from Springfield?

I am not in the habit of paying attention to slanders and falsehoods circulated against me, but in this case, where the vicious element of Sangamon County is attempting to defeat Senator John A. Wheeler, one of the most conscientious men who ever sat in the State Senate, by trying to create a prejudice through falsehoods and misrepresentations, hoping thereby to detract the attention of the public from their own official acts, which will not stand the light of day, I feel that you should know the truth.

The Illinois State Fair since being located at Springfield never had a better friend than Len Small.

Worker for State Fair.
For nearly 25 years I have devoted much time and energy, without pay, in laboring for the success of the Illinois State Fair. As a member of the State Board of Agriculture, superintendent of various departments and finally as president of that great fair, its success was one of the ambitions of my life and when that great dome building was destroyed by fire in 1917, I felt a void in those grounds which gives me a feeling of homesickness every time I enter the fair grounds.

I, as well as many of the men who were greatly interested in the success of the Illinois State Fair, looked forward to the time when I might help make it even greater and better than it had ever been in the past.

It was upon my recommendation after I was elected Governor, that an item was included in the fair appropriation bill and passed by the last General Assembly of \$450,000 for the building of an automobile building and exhibition buildings to replace that great dome building and joining buildings which were destroyed by fire.

Contrary to general belief, it was discovered that a clear title to the Illinois State Fair grounds had never been given to the State and under some conditions the land would revert to the original owners.

It was generally supposed that as soon as the attention of the authorities of Springfield and Sangamon County was called to this apparent oversight that it would be promptly remedied. Much to the surprise of the members of the Legislature and this administration, under the dictation of the men who hold the administrations of the city of Springfield and the county of Sangamon in the hollow of their hands, and who were dissatisfied because they could not control this administration in the making of appointments, the letting of contracts and in the matter of legislation, the county of Sangamon refused to give the State a clear title of the fair grounds.

State Must Have Title.
Would any person in this audience advise or recommend the expenditure of nearly a half million dollars for buildings on land to which the state did not have a clear title. Under the laws of Illinois it is illegal to spend the money of the people of the state for buildings on land that does not belong to the state.

Chapter 38, paragraph 218 B Hurd's Revised Statutes, 1919, says:

"Any person or persons, or officers entrusted with the construction of any public

works who shall spend money appropriated, without first having obtained a title to all the lands needed for such public work running to the people of the State of Illinois, shall be deemed guilty of a misdemeanor."

But what does that unscrupulous, vicious element that are trying to defeat Senator Wheeler care for laws? They have violated laws so brazenly and openly that they have come to believe that the laws are not made for them to obey.

I never heard a word said in the Legislature, or out of it, about moving the State Fair from the City of Springfield, excepting by the men who hoped by falsehood and misrepresentation to create a prejudice in the minds of the people of this senatorial district, which would result in their political gain. And for the sake of defeating Senator Wheeler, the one man in the Legislature from this district who refused to obey their orders, sacrifice his self-respect and do their dirty work. For the sake of defeating him, they would be willing to sacrifice that great Fair and even if by such actions, they forced the Legislature to take it away from the capital city where it rightly belongs.

This is the class of men, and the kind of men in Sangamon County who are fighting Senator Wheeler and this administration in my opinion, there is only one way for Springfield to lose the Illinois State Fair and that is by continuing in power that vicious element which is a disgrace to our State and exists by preying upon the decent and respectable people.

The Hard Road System.
Some of you remember during the campaign for my nomination and election that told you I was in favor of pushing to a rapid completion the hard road system, provided for in the bond issue which had been so emphatically approved by a vote of the people in November, 1918. I told you that I would not look for excuses for not building roads but that I would find a way to build them and that we would extend the hard road system fairly and impartially to every part of the state.

I want to say to you, my friends, that I am making good on that promise and that we have found a way to build the roads in spite of the combinations, trusts and profiteers that are trying to stop our progress.

A year ago in February when we opened our first bids for roads we found that the low bids averaged considerably over \$40,000 per mile for an 18-foot 7-inch reinforced cement road. Had we let the building of the entire 4,800 mile system at that price, the total cost to the state would have been \$192,000,000 or \$132,000,000 in excess of the bond issue of \$60,000,000, or over three times the amount of the bond issue.

Of course, every one realizes that even at \$25,000 to \$30,000 a mile it will be impossible to build the 4,800 mile system with the \$60,000,000 bond issue, but I believe the people of Illinois want the roads and that with the reduced prices we are justified in going ahead and building as many miles as we can with the funds available.

I have never believed that we should exchange over 100,000 bushels of corn for one mile of cement road or that we should pay more than wartime prices two years after the war was over. We rejected those laws and let it be known that this administration was not willing to pay over \$20,000 a mile. Of course, this rule could not apply where there is very deep filling, or unusually expensive grading or large bridges. The bridges and extra heavy grading have always been let separately.

You know something about the results. It was a hard fight to bring these prices down.

The interest which I believed the people would have in large profits, represented by the Chicago Tribune, tried to force us to proceed at the high prices. In many places, by misrepresentation, they induced Automobile Associations, Chambers of Commerce and other well meaning organizations to pass resolutions urging us to build roads regardless of cost.

I am glad to be able to say to you that since that time notwithstanding every obstacle which the profiteers have thrown in my path in trying to hamper and prevent me from performing the duties of the office to which you elected me, more miles of concrete road were built in Illinois last year than in any previous year and more miles than were built in any other state in the union with the exception of one.

Lower Road Costs.
And these roads have been constructed at a lower cost per mile than those of any other state. Not a mile has cost over \$30,000, and the average cost has been under \$28,000.

It is my ambition, during the next three years, to complete as much of the 4,800 miles of road provided for in the bond issue, as it is humanly possible to do, and at least we will connect every county with every other county in the state.

The Chicago Tribune and other trust propagandists have done everything within their power to misrepresent our work. They have kept large forces of experienced, high-salaried writers, slurring and belittling what we are accomplishing.

Just a few weeks ago they printed a statement to the effect that less than 8 miles of cement road had been built in this state during the year 1921, when, in fact, 412 miles were built.

In addition to this, 203 miles of heavy grading has been completed, over 100 bridges under

separate contracts have been built, and 578 miles of concrete road are now under contract for the year 1922.

Our surveyors are pushing their work as rapidly as possible, and plans and specifications are under way for the completion of 1000 miles of concrete road during this year, 1922.

My friends, I feel it due to you who have trusted me with the administration of the great office of governor of this state of ours, consisting of nearly 7,000,000 people, that I should say a few words regarding the unprecedented and vicious proceedings and conspiracy which have been brought and plotted against me by the great profiteering interests, the Chicago Tribune, Attorney General Brundage and the criminal gang that are in conspiracy.

I promised that, if elected governor, I would give the people an honest, economical, business administration; that I would try and see to it that the people received a dollar in value for every dollar spent.

I promised that, if elected governor, I would hold as sacred the rights guaranteed to every man, and woman, by our constitution; that I would place the rights of the people and the welfare of humanity above the almighty dollar of the profiteer.

It is a hard job, my friends, to pass legislation in the interests of the people.

There is no money to be made working for the people's interests as against the great moneyed interests. If there is any money spent to influence legislation it is always for those who are on the side of the great wealthy, profiteering corporations.

The Brundage Emptiness.
These interests discovered that they could neither bribe nor buy me, and joined with their tools, the Attorney General, the Chicago Tribune and other recognized manipulators of the wealthy profiteers, to disgrace and destroy me, and prevent me from performing the duties of the office to which I was elected, and to prevent me from making good on my campaign promises to serve the people of Illinois; and for the purpose of making such a horrible example of me that no other governor would ever dare to oppose them.

But I believe the people understand why Len Small was indicted. Attorney General Brundage and his whole gang of character assassins know that I am innocent of every charge which they have made; every one of which were originally trumped up for campaign purposes and were fought out before the primaries and election.

I want to say to you that both times I have held the office of state treasurer, I conducted it according to law and to the best of my ability. When I went into that office in 1917, the funds were very low and there were hundreds of thousands, perhaps millions, of dollars in unpaid bills for lack of funds. Through my efforts, large sums of money were collected which had long been due the state. The state of Illinois never lost a dollar during my term of office. Every dollar was returned in full to the state and in addition \$450,010.12 was earned and paid into the treasury as interest, which was twice as much as any previous state treasurer had earned. And this is what the Chicago Tribune said about me at that time (October 13, 1918):

A Tribune Statement.
"State Treasurer Len Small has broken all records on interest of public funds turned into the state treasury. He has just paid over the sum of \$450,010.12 in interest, practically double that of any of his predecessors. The amount turned in is nearly \$16,000 greater than the total amount turned over to Mr. Small as state treasurer in the general revenue fund at the time he took over the office. The amount that the retiring Democratic administration handed over in the total of the general fund was \$289,908.51."

I believed and still believe that with the decline in prices, the increase in appropriations should be held down as nearly as possible to the real needs of our state government. Attorney General Brundage asked the legislature for over \$1,500,000 to run his office for two years. This amount was as much as the attorneys general of the 32 great states west of the Mississippi river all combined received to run their offices for the same length of time.

He did not want this enormous sum of money to spend in the interest of the people but he wanted to spend it as he has been spending appropriations in the last few years, to appoint men over the state with practically nothing to do but help him build up a personal political machine. But I promise you that as long as I am governor, I will not knowingly permit any man to take great sums of money out of the state treasury to build political machines.

Uphold Governor's Hands.
My friends, you have an opportunity to use your influence in the selection of members of the legislature. I have told you something of my campaign promises, which I have faithfully tried to keep, and of my road program. If you agree with what I am trying to accomplish, will you see to it that the men whom you elect to represent you in the coming legislature are men who will support this administration?

Ask them before you cast your ballot for them in the primaries on April 11th, if they will uphold the hands of your governor and help him in securing legislation which is in the interest of all of the people or if they are going to obey the orders of the Chicago Tribune and vote to impeach and remove the governor because he has dared to oppose these great financial, profiteering interests.

These are your problems, my friends, as well as mine. I have

no selfish interests to be conserved by the passage of any law which I recommend to the legislature. These proposed laws are right and in the interests of all of the people.

It was my promise during the campaign and I have persistently adhered to that resolution ever since, that I would see to it that roads were built fairly and impartially throughout the state and that I would endeavor to see to it that the people received a dollar's worth of road for every dollar of their money spent.

And I shall never give up this fight to see that you get roads and get them at a reasonable price.

And these are the issues which are uppermost. They are the great issues in the coming primaries on April 11th for members of the legislature, representatives and senators, who will be nominated at that time.

I want you, when you step into the booths and mark your ballots to remember, don't forget, that this is the great outstanding issue of the campaign, and that I want to know whether you are with me in my fight to build roads and build them at a decent, reasonable and fair price.

If you want me to do that, vote for the candidates for the legislature who will come to Springfield at the next session and vote for these measures which will sustain and uphold your governor, and which will enable him to carry out his program of construction at a reasonable price.

If you believe in my program, I want you to manifest your approval of what I have done and what I am attempting to do by sending to the legislature men who will serve notice upon the great profiteering moneyed interests that the governor of this state is not to be bullied, but that the people of Illinois stand behind him with all of the sovereign power at their command.

Candidates in this District.
Senator Wheeler and Samuel T. Moore, candidates for senator and representative, are true, honest men whom you can rely upon to vote for your best interests and are always for advancement and progress.

I promise you that on the night of the election, when the returns are flashed over the wires and from the counties in your districts, I shall look at the votes cast and I will know that if you have voted for men for the legislature who will stand with your governor, that you approve my

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feed young—to do this you must watch your liver and bowels—there is no need of having a yellow complexion—dark rings under your eyes—simply a bilious look in your face—bill eyes with no sparkle. Your doctor will tell you anxiety or cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to eat cures liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

The Road Elections Tuesday April 4th

Road officers will be elected throughout Morgan county Tuesday, April 4th. Every citizen in the county except residents of Meredosia is entitled to vote for road officers.

The acts of road officers affect directly more people in the county than those of any other public officials except school officers and, too, affect them in a great measure.

Hence the supreme importance of electing road commissioners who can and will perform their duties efficiently and honestly. The highways of the county touch every citizen in some way or other. Their condition is most important to those who use them, but every citizen who is interested in the social, economic, educational and industrial betterment of the community is vitally interested in them.

Most of the road districts in the county receive revenue enough to maintain good highways at all seasons, except in extreme wet periods, if their income is expended judiciously.

HOUSE GOES ON BIG FINANCIAL DEBATE MONDAY

Adds \$15,000,000 to the Rivers and Harbors Measure

(By The Associated Press) WASHINGTON, March 27.—Disregarding recommendations of the budget bureau and of the appropriations committee, the house today by a three to one vote added \$15,000,000 to the amount carried in the measure for river and harbor improvements.

An amendment to increase the lump sum allotment from \$27,635,260 to \$42,815,661, offered by Chairman Dempsey of the rivers and harbors committee, was adopted after three hours of acrimonious debate during which forty members aired their views. The vote was along sectional rather than party lines. Republicans splitting on the proposal while most of the Democrats favored it. The discussion was so protracted that a final vote on the bill could not be reached today. The measure probably will come to a final vote tomorrow.

Representative Mondell, Republican leader, Chairman Madden of the appropriations committee, Chairman Anthony of the appropriation sub-committee in charge of the bill, Representative Sefford, Republican, Wisconsin, a member of the sub-committee, and Representative Burton, Republican, Ohio, a former chairman of the rivers and harbors committee were among those opposing the measure. Those who led the fight for its adoption included Mr. Dempsey and various members of his committee. Representative Mann, Republican, Illinois and Representative Byrns, Tennessee, ranking Democratic member of the appropriations committee, were the phrase "pork barrel legislation" frequently was injected into the debate.

The amount originally recommended in the bill was slightly in excess of the sum approved by the budget bureau while the total proposed by Mr. Dempsey was the amount requested by the chief of army engineers, in charge of the improvement. Carried as a lump sum with the amount to be expended on various projects not specified, the appropriation would be apportioned by the army engineering corps to continue work during the coming fiscal year on projects already authorized.

Representatives who approved the increase advanced the argument that improvement of inland waterways would allow farmers and manufacturers in the interior to move their products by water more cheaply than they now can by railroad.

DEATHS

Coy S. P. Coy, a former resident of Meredosia, died Saturday at the Soldiers' Home in Quincy. Mr. Coy has been a resident of the home for a number of years. The remains were taken to Meredosia and the funeral was held at the Methodist church there Monday afternoon. Interment was in the Newman cemetery.

Mr. Coy was well known in the Meredosia precinct and had the good opinion of all. He is survived by two daughters, Mrs. Robert Mayes of Meredosia and Mrs. John Naylor of Arenzville.

CHARLOTTE BACHELORS ARE IN BAD WAY

(By The Associated Press) CHARLOTTE, Iowa, March 27.—Charlotte's election today ended disastrously for the women candidates for city offices. J. R. Kane was re-elected mayor over Mrs. James McDermott 151 to 104.

Mrs. Nick Steiner was defeated for city council by Thomas Ketelson, 193 to 95. The other women candidates for city council withdrew their names before the voting began.

It was here that mothers of eligible daughters, supported by the daughters let it be known that the daughters' young men friends must support the women's ticket or stop courting the young women.

Election officials are of the opinion that a majority of the men voted for the women candidates and that it was the heavy women's vote that defeated Mrs. McDermott and Mrs. Steiner.

CEDAR RAPIDS HAS BITTER FIGHT

(By The Associated Press) CEDAR RAPIDS, Iowa, March 27.—Winding up one of the bitterest campaigns in the city's history of politics, Cedar Rapids today elected Charles E. Huston former postmaster, by a majority of more than eleven hundred over the present incumbent J. F. Rall.

Out of eight candidates for councilmen the following were elected in order named: Louis Hika, Louis Roth, J. D. Kennedy and Martin Evans.

The vote today as comparatively light, falling between four and five thousand of what had been expected but it is believed the women did not exercise the right of franchise as extensively as had been expected.

Lincoln, Neb., March 27.—Burlington railroad reports this evening said a storm was raging west of Alliance in Northwestern Nebraska and in South Dakota with snow falling, considerable wind and temperature of 22 degrees.

BRIEFS

LOS ANGELES, March 27.—Joseph Stader went on trial before a jury in the superior court today on information charging him with the murder of his mother, Mrs. Elizabeth Stader, 86 years old, here last September. The district attorney said before the trial, however, that he would ask for a conviction of manslaughter only, thereby in effect, reducing the charge to that degree.

MUSKOGEE, Okla., March 27.—The federal grand jury which was convened here today will investigate the failure of the Bank of Commerce at Okmulgee, United States District Attorney Frank Lee, announced.

SPRINGFIELD, Ill., March 27.—Police today had developed no definite clue connecting three Mexicans, Joe Grango of Granite City, and Eno Ogeda and Domino Crisbo, of this city, with the recent murder of J. W. Ogden of Sterling, Ill., and Civilio Navarro, Italian, of Springfield. Both men were killed by slugging. The three Mexicans maintain their innocence and have offered to prove alibis.

MINNEAPOLIS, March 27.—Theodore Christianson of Dawson, heretofore a receptive candidate for the Republican congressional endorsement in the seventh district in opposition to Congressman A. J. Volstead, issued a statement today requesting that his name be not presented to the district convention.

WASHINGTON, March 27.—Approval of 121 advances for agricultural and livestock purchases aggregating \$3,324,000, was announced today by the war finance corporation. The loans include: Illinois, \$124,000; Indiana, \$20,000; Iowa, \$63,000; Missouri, \$131,000; Wisconsin, \$197,000.

ROYSE CITY, Texas, March 27.—Three men were killed, one injured seriously and two slightly hurt one mile east of here today in a wreck of a Missouri, Kansas & Texas freight train. The dead are: Roy S. Gullett and Bruce Frazier, both of Pool, Ill., and Elvin S. Hill of Dennison, Texas.

DES MOINES, March 27.—Brig. Gen. Mathew A. Tinley of Council Bluffs, will not be a candidate for governor on the Democratic ticket, he announced today in a letter to Clyde L. Herring of Des Moines, candidate for Democratic senator from Iowa.

DIXON, Ill., March 27.—Lee Bolling, 50, a farmer in the vicinity of Polo, died in a Freeport hospital late Saturday night from injuries received when his automobile was struck by an Illinois Central passenger train in Polo, earlier in the evening.

OTTUMWA, Iowa, March 27.—An unknown man thought to have been about 25 years old, dropped dead in a restaurant here yesterday. All attempts to identify the man have been unsuccessful, the only clue being an empty envelope in his coat pocket on which appeared the name "W. A. Ford." The body is being held at an undertaking establishment.

GALESBURG, Ill., March 27.—Dr. A. R. Mathes, aged 83, pastor emeritus of the Knoxville, Ill., Presbyterian church, oldest pastor in service in the Peoria Presbytery and thought to be the oldest in the United States, died at his home in Knoxville late Saturday.

NEWPORT NEWS, Va., March 27.—The Panamanian bark, Maria Borges, loaded with coal, mysteriously sank in the harbor here early today, blocking the channel to the ship yards. The craft went down in 40 feet of water, leaving only the tips of her masts protruding.

LAWRENCE, Mass., March 27.—The New England textile strike was extended today to this city, an old battleground for mill disputes, with curtailment of production in several plants, but no disorders. Several thousand operatives refused to go to work in protest against a 20 per cent wage cut.

SPRINGFIELD, Ill., March 27.—Destruction of trees and experimental road in view of highway officials from nearly every state in the union, was started here this morning. Trucks to which weight would be gradually added, will crumble the weaker stretches of road first, giving an official record to that species of construction which withstands the strain longest. The tests will last several weeks.

BURCH CASE GOES OVER UNTIL TODAY

Los Angeles, March 27.—The trial of Arthur C. Burch, indicted for the murder of J. Belton Kennedy went over at the afternoon session of court until tomorrow. The adjournment was taken because Burch's attorneys were engaged in another department of the court. It was announced that if they were not ready tomorrow continuances will follow from session to session until they were.

BURLINGTON OUSTS LABOR CONTROL

Burlington, Iowa, March 27.—After two years of Union labor control Burlington today defeated the Labor ticket from the city council, electing but one of the three members that have been in control of the commission of five. Mayor Smith won over former Mayor James M. Bell by a majority of 885. Councilmen Canny and Kaiser were re-elected and Henry J. Coyk and George C. Young are the other two members of the council.

THIS YEAR'S BIG AUTO SHOW IS OPENED

Exhibit Does Credit to Automotive Association and the City of Jacksonville—The Cars are All There, to Say Nothing of the Special Merchandise Displays.

The automobile show and merchants' exposition opened Monday night with plenty of people and enthusiasm. There were thousands in the assemblage at the Auto Inn when the exposition was formally opened with the address by Governor Small.

A speaking stand had been erected near the northwest corner of the main floor and the audience assembled about it to hear the governor's address. In order to provide for this part of the program a great many of the cars were not on view but they will be returned this morning to the spaces reserved for them.

President Berger of the Automotive association and J. F. Claus, chairman of the concessions committee, both expressed themselves as more than satisfied. Practically every foot of display space has been taken by the visitors to the big Auto Inn building will not be disappointed.

Something fine has been done in the decorative work. Blue and gold, the official colors of Jacksonville, are prominent along with red, white and blue. The special lighting plan is elaborate and the building presents a very brilliant appearance.

A number of non-resident automobile men are here for the week. Several of them visited the automobile shows which have already been held in other Illinois cities and they testify that the Jacksonville show is easily in the lead. To begin with, there are few cities that can boast of such a spacious and well appointed display room. In addition to the wonderful showing of cars and trucks the visitors will find much to interest them in the individual exhibits of merchants.

The various booths show great originality in decorations and there is not one but adds something to the artistic whole. These exhibits show that the thought has been not only to please the eye but also to give the people of Jacksonville a greater idea of the products and offerings of various Jacksonville business enterprises. There are entertainment features too and you are missing something if you do not go more than once, so do not put off your first visit until later in the week.

ANNUAL INTER CLASS INDOOR MEET TONIGHT

Illinois College Classes Will Hold First Meet This Evening in the College Gym—Much Interest Being Displayed.

The first annual inter-class indoor meet will be held in the Illinois college gymnasium tonight at 8 p. m. For several weeks the men have been training in the various events and tonight's contest will be full of action. The list of events includes the 20 yard dash, standing high jump, 20 yard hurdles, 12 pound shot put, rope climbing, running high jump, obstacle race, throwing medicine ball for distance, human wheelbarrow race, standing broad jump and potato relay race.

This program promises an evening of fun and excitement. Mixed up in the Senior, Junior and Sophomore class teams are all of last season's track members who completed in the outdoor events. Cully, Farrell and Thurman are numbered among the Seniors; Mellon, Frazier and Hatfield among the Juniors; Weber, Rogers, Riley, Reid, Ebrey and Hatt among the Sophomores. The Freshmen have a large number of men and women who are likely to break into the limelight tonight. Dale, Ellison, Schiele and McConnell seem to be the surest point winners for the Freshmen.

Anyone who has never seen a human wheelbarrow race, an obstacle race or a potato relay race has a real treat in store this evening. Men who will run the obstacle race will not know the obstacles to be encountered until they appear on the floor ready for the race.

An admission charge of 25 cents will be requested from everyone who enters the gymnasium, contestants, spectators, officials and all. The proceeds will be used to defray the expense of framing pictures of varsity athletic teams of recent years which then will be hung in the gymnasium.

MILLER DENIES HE HAD RESIGNED

CHICAGO, March 27.—W. H. Miller, director of the state department of education and registration today denied reports that he had resigned or intended to resign as a result of charges that "leaks" on examination questions had occurred in the department under his supervision. He arrived in Chicago today from Springfield to supervise the examination of medical and other practitioners which began at this county building.

"So far as my reported resignation is concerned," he said, "I haven't even been discussed. The governor has appointed a board of investigation. I've assured them of my full co-operation. I am here in full charge as usual, and any reports to the contrary are untrue."

SOUTH DAKOTA JOINS "BIG NINE" Omaha, Neb., March 27.—South Dakota University today notified Malcolm Baldrige of this city, president of the "Big Nine" conference that it has joined the central conference recently organized at St. Paul.

CHARGES AGAINST ARMOUR COMPANY ARE BEING HEARD

Probing Conduct of Mistelo Stock Yards at Kansas City

(By The Associated Press) KANSAS CITY, March 27.—Hearings of charges brought by the Kansas City Livestock Exchange against Armour & Co. in connection with the operation of the Mistelo stock yards here got under way today. The case is the first brought under the federal packer-stock yards control act of 1921. Hearings are before Judge H. B. Halner, commissioner of the federal department of agriculture.

Hogs are bought by the Fowler Packing Company at the Mistelo yards direct from the producers. The Fowler Packing Company, it is the contention of the plaintiffs that the operation of the Mistelo tends to depress the price of hogs on the open market at Kansas City, that the prices paid at the Mistelo yards are arbitrarily fixed and interfere with an open and competitive market and constitute an effort by the Armour Company to control hog prices here.

The Armour company in the opening statement of counsel today denied the charges asserting that the Mistelo yards are private, not public stock yards, under the 1921 federal law and that the real motive of the Kansas City Livestock Exchange is to prevent any direct buying of livestock from producers and force all producers to pay commission to commission firms.

THREE ARE HELD IN RECENT MURDERS

SPRINGFIELD, Ill., March 27.—Emo Ogeda, Domino Crisbo and Joe Grango, Mexicans and Alice Ogeda, neeess held in connection with recent murders in which the victims were slugged and robbed will be arraigned for preliminary hearings April 6 it was announced tonight following another day of investigation by the police.

The murders of J. W. Ogden of Sterling, Ill., and Civilio Navarro, an Italian, who were found mortally wounded on streets in the heart of Springfield's business section have been laid to the trio of Mexicans and Ogeda's negro wife. They are also suspected of other assaults in which the victims were seriously injured, the police said.

The Mexicans and the negroess were arrested when, according to the police, mysterious telephone calls from a woman asking about the condition of the slugged victims were traced to the Ogeda woman, and silk and jewelry thefts implicated the Mexicans.

STOCK CITY MAYOR IS RE-ELECTED

Sloux City, Iowa, March 27.—Wallace M. Short was re-elected mayor of Sloux City today by a majority of approximately 1,000 votes over Julius F. Korberg, former postmaster, according to unofficial returns from 29 of 30 precincts. Mr. Short heads the Labor ticket. About 25,000 votes were cast, the largest in the city's history.

Social Events

L. W. C. Society Entertains At Afternoon Tea.

A delightful afternoon tea was given yesterday afternoon by the members of the Alpha Pi Delta society of Illinois Woman's College. One hundred and sixty guests were invited, including the faculty members of the college, the wives of the trustees and friends of the college in Jacksonville. The affair was given at four o'clock and the guests were received in the reception room of the college. The receiving line included the officers of the society, of which Miss Martha Logan is the president. The other officers of the society who received the guests were: Misses Donahel Keyes, Audrey Lehman, Catherine Stevenson, Zola DeHaven, Charlotte Rodgers, Carol Roarke, Ethel Zeller and Ruth Frye. Miss Mary Anderson, faculty advisor of the freshman class assisted in the entertaining.

The guests later adjourned to the social room of the college and there a charming program was given. Miss Velma Kitchell gave a piano solo and Miss Gwendolyn Schroyer sang a group of songs. Four little plays were then given entitled "Proverbs in Porcelain." The prologue to the plays was given by Miss Wilhemina Wagner and Maxine Sperry. The casts for the plays were as follows:

Ballet a La Mode:
Countess—Ethel Keller.
Baron—Hazel Moore.
The Cap That Fits:
Hortense—Hattie Berghlin.
Armande—Frederick Balch.
M. Loyal—Mary Elizabeth Hedges.
The Secrets of the Heart:
Minette—Vera Hieronymous.
Ninon—Ethel Morris.
Tu Quoque:
Frank—Martha Logan.

Miss Janette Powell had charge of the coaching of the plays. After the program members of the society joined in the singing of the Alpha Pi Delta song. The social room was made most attractive for the occasion by the use of many sweet peas and other bright spring flowers. Lighted candles on the tea tables added to the pretty effect of the room and the whole affair was a very delightful one. Dainty refreshments were served and the cakes and mints which were served were inscribed with the Greek letters, Alpha Pi Delta. Miss Olive Austin poured at the tea tables.

Delphian Club Met.

The Delphian Study club met yesterday afternoon at the Public Library for the regular session. Rome was the topic of the general discussion led by Mrs. E. M. Tindall and a number of very interesting papers were given. The papers were as follows: "Physical Geography of Italy," Mrs. Chipchase; "Topographical Features of Rome," Mrs. J. W. Clary; "Legendary Period," Mrs. A. H. Dollery; "Inheritance of Legal Rome," Miss Viola Davis; "Class Struggles in Rome," Mrs. L. A. Davis; "Story of Coriolanus," Mrs. C. A. Rose; "Horatius at the Bridge," Mrs. Roy Scott, and "Conquest of Italy by Rome," Mrs. Brown.

A sumptuous dinner was served at 1 o'clock and the afternoon was spent in a very pleasant way with music and conversation. When the guests departed it was with the hope that they might have the privilege of helping their young host celebrate many more happy birthday anniversaries.

Celebrates His Eighth Birthday.

Master Benjamin Mather celebrated his eighth birthday anniversary Friday evening, March 24

from 7:30 till 10, by inviting in a number of his friends.

The evening was spent playing games. Refreshments were served consisting of ice cream and angel food cake with eight candles. He received quite a number of nice presents. The guests of honor was his grandmother, Mrs. E. Attig, of Marengo, Iowa, who is visiting his mother at this time. Those present were Ava and Joyce Lupin, Mary, Morris and Warren Smith, Melvin Massey, Kenneth Huff, Dale Lebkuecher and Elsie Murgatroyd. All enjoyed the evening and wished Benny many happy birthdays.

DEATHS

Witt.

The death of John Russell Witt of Rockbridge, Illinois, occurred Sunday afternoon at Our Savior's hospital at one o'clock. Death followed an illness of several weeks' duration. The remains were taken to the undertaking parlors of J. H. O'Donnell and prepared for burial. The body will be sent to Rockbridge where funeral services will be held Wednesday afternoon.

The decedent was fifty seven years of age at the time of his death and was the son of Mr. and Mrs. John Witt of Rockbridge. He had always made Rockbridge his home and was engaged in farming in that community. He is survived by his father, John Witt of Rockbridge and one sister, Mrs. George Bauer of Jerseyville.

Ogle.

The death of Ralph Ogle, a student at the Jacksonville High school occurred Monday morning at 3 o'clock at Passavant hospital. The young man passed away after an illness of about two weeks following complications which set in after an attack of influenza.

The decedent was born in July 1905 and was the youngest son of Mr. and Mrs. Harry E. Ogle, well known residents of the Grace Chapel neighborhood. He is survived by his parents, three brothers, Russell, Lloyd and Paul Ogle and two sisters, Mrs. Oscar Smith of Jacksonville and Mrs. Byron Houston of Chicago.

Ralph Ogle entered the local high school last fall as a member of the Freshmen class and during his months as a student at the Jacksonville High, he won many friends through his straight forward manner and character. He was a member of the Grace Chapel Methodist church.

Funeral services will be held at two o'clock Wednesday afternoon. The body is now at the undertaking parlors of Williamson & Sons and many friends wishing to view the remains may do so until noon today when the body will be taken to the family home near Grace Chapel.

Bahan.

The death of Frank A. Bahan occurred at 4:30 o'clock Sunday afternoon at Our Savior's hospital, where the decedent had been a patient for several days. The remains were taken to the undertaking establishment of John H. O'Donnell and prepared for burial. The funeral will be held at 8:30 o'clock Thursday morning at the Church of Our Savior.

The decedent was born near Waverly in 1870, the son of Mr. and Mrs. Daniel Bahan, Sr. He had lived in this city a number of years and of recent years had conducted a grocery store at the corner of North West street and Lafayette avenue.

Surviving are four sons, Allen, of Green River, Wyo.; John, Francis and William, of Pocatello, Idaho. He is also survived by his parents and one brother, Daniel Bahan, Jr.

C. P. & ST. L. SEEKS WAGE REDUCTION

A continued effort is being made by officials of the C. P. & St. L. railroad officials to secure a reduction in wages. W. C. Hurst, general manager of the road, appeared before the railroad labor board in Chicago Saturday and sought to have a separate award made in the hearing now before the board for the reduction of wages. There are five other roads which are asking the wage reduction on the plea that their earnings do not make possible the paying of wages authorized for other roads.

REVIVAL BEGINS AT NORTHMINSTER CHURCH

Series Is Being Conducted By H. W. Sears of Franklin—Large Chorus Choir Under Direction of Frank Bracewell.

A series of revival meetings began Sunday at Northminster church, in charge of H. W. (Dad) Sears of Franklin. Large audience were present Sunday morning and evening and again on Monday evening. A large chorus choir under direction of Frank Bracewell will furnish the music and will give a special number each evening. The services will be held each evening except Saturday from now until Easter.

The subject Monday evening was "The Man Who Missed the Meeting." The speaker based his remarks upon the first appearance of Jesus after his crucifixion, giving six things which Thomas missed by not being present with the other disciples at that meeting. First, he missed the first appearance of Jesus after the crucifixion. Second he missed the fellowship of his brethren. Third, the peace which that meeting with Christ brought to those who were there. Fourth, the joy of that meeting. Fifth, the Commission which Christ gave to His disciples on that occasion. Sixth, the gift of the Holy Spirit.

The speaker said that there were three reasons why Thomas missed the meeting. First, he probably did not like Peter. He then compared Peter to the pastors of the present day, and said that many people do not attend church because they do not like the preacher. The second reason was because of his indifference. So many people nowadays are indifferent about church attendance. The third reason pointed out by the speaker was Thomas' interest in worldly affairs to the exclusion of all else. This was declared to be true of many people of the present day.

The effects of missing the meeting were also pointed out. The speaker said that all thru history Thomas is known as "Doubting Thomas" because he doubted the story which the disciples told of their meeting with Christ. The man who "misses the meeting" today was compared to Thomas of old and an earnest plea made for more earnest living on the part of church people, as it is in this way that outsiders are led to consider the better life.

V. R. RILEY RETURNS FROM WESTERN TRIP

Vincent R. Riley has returned to Jacksonville after an absence of five weeks in the west and southwest. Mr. Riley took the trip for rest and recreation, and it will be gratifying news for his many friends that he returns feeling vastly improved by the vacation trip.

Mr. Riley went from Jacksonville into Oklahoma, where he spent a week or two. It was not new territory for twenty years or more ago, the Jacksonville man had a position there, with took him out into open country much of the time. He was very much interested in seeing the development that a comparatively few years have brought to pass.

Tulsa was at the time city of 7,000 or 8,000 population. Now it is a metropolis with more than 100,000 inhabitants and the skyscrapers a common thing. The business development there has come about because of the vast finds of oil.

Leaving Oklahoma Mr. Riley spent some time in Las Vegas, New Mexico, in Arizona and then in Denver and Colorado Springs. For a still further time he was with his brother, who has for many years been resident in Stamford, Kansas.

We solicit your ice orders and assure you prompt and courteous service.—**WALTON & CO.**

ELECTION ORDINANCE

PASSED BY COUNCIL

The city council held a regular weekly session Monday night. Only a few matters occupied the attention of the council and adjournment was taken before 8 o'clock. Mayor Crabtree presided and City Clerk Scott read the minutes and presented various matters of routine business.

The ordinance providing for the laying of asphalt pavement from west State street to Finley street was passed. The election ordinance was also read and adopted. It provides for the regular spring election to be held Tuesday, April 16, when four members of the city council are to be chosen.

MUSICAL SHOW THIS WEEK AT THE GRAND

"Hap" Jones and Company of Twenty Presenting High Class Entertainment.

"Hap" Jones and his big show opened an all week engagement at the Grand Monday night. This company of 20 is presenting the musical comedy, "Oh Look," together with a varied and excellent program of vaudeville. The cast includes a charming and well groomed chorus and the first night audience was vastly pleased. In fact, they pronounced this popular priced production fully the equal of many of the higher priced road shows.

There will be one performance nightly at 8:15 this week. You can visit the auto show and still see a high class entertainment at the Grand.

ZOELLNER QUARTET AT WOMAN'S COLLEGE

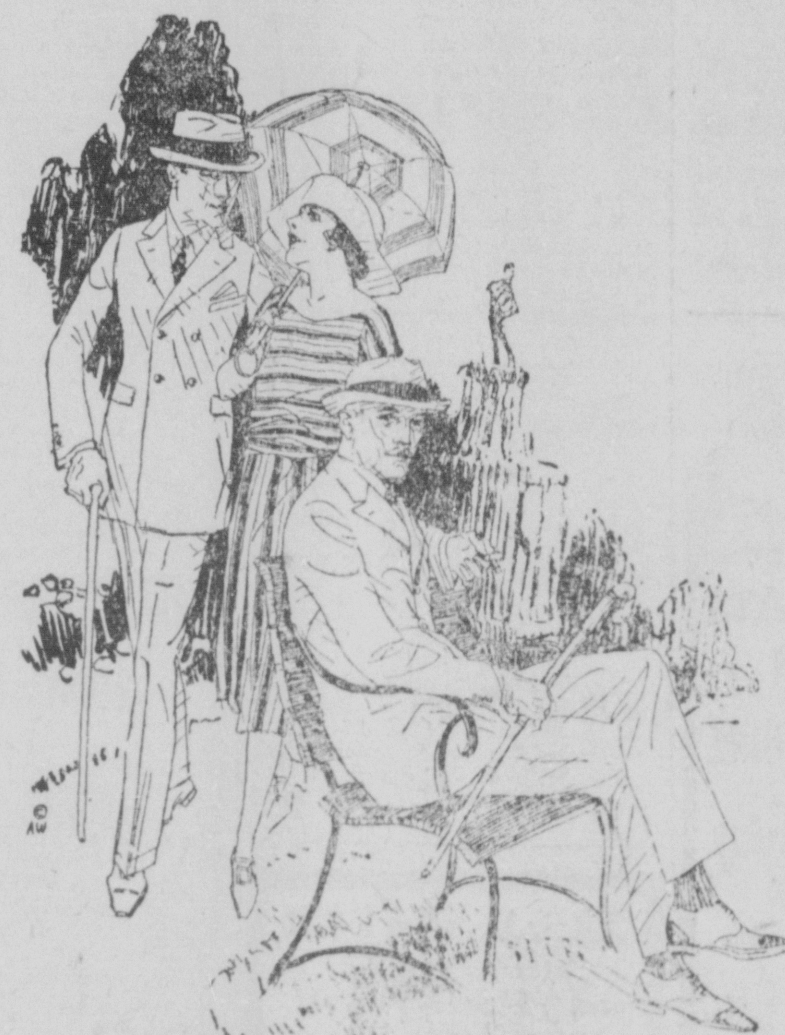

Well Known Musical Organization Gave Closing Number of Artists Series Monday Evening.

The Artist series of the Woman's College closed last evening with a concert by the Zoellner Quartet. This gifted family is already known to Jacksonville and received a cordial welcome on its reappearance. From the classics, always the most severe test of artistry, was chosen Haydn's quartet opus 76. The playing of this proved an example of purity of style, delicacy and grace. In a short explanation Mr. Joseph Zoellner pointed out the great contrast between the Haydn and Ravel quartets, one written 150 years after the other. The latter

impressionistic composition was most beautifully given with exquisite shading and perfect intonation. After the second number the artists responded to the applause playing as an encore the slow movement from Haydn's sonata opus 3, No. 3.

The program ended with two movements of the Grieg quartet opus 27, which were rendered with the vigor and breadth of tone that works of this composer demand. Added to this were the Scherzo from a Glazounow work and the Andante Cantabile by Tchaikowsky, again showing an ensemble and finish that only musicianly training and unceasing work can produce.

ANTI-SALOON LEAGUE ENDORSES WHEELER

Supt. McBride Explains Why
League Is Backing Candidacy of
Wheeler Against Searcy.

F. Scott McBride, state superintendent of the Illinois Anti-Saloon League, has written a lengthy statement relative to the contest between Dr. J. A. Wheeler and Earl B. Searcy, Republican candidates for state senator. Mr. McBride tells why the league gave its endorsement to Dr. Wheeler and says that the action of the headquarters committee on the subject of endorsement was unanimous.

The statement by Mr. McBride, used in the official publication of the Anti-Saloon league follows: "Mr. Searcy is distributing copies of a letter sent him after the legislative session by myself as superintendent of the Anti-Saloon league. This letter was prepared for no one person in particular, but was a sort of a form letter run off on our multigraph and then we checked up the list of those that had voted for the Illinois prohibition act, and my secretary wrote in their name and address on the typewriter. We acknowledge that his name was checked among those who were to get one of these letters without due consideration. The checking was done in the rush of the office. We doubt not that Mr. Searcy himself knows full well, and will agree that he is not deserving of such a letter. The real question is not—did he get this letter, but was he deserving of it?"

Hindered League, Charge.
"Let us review his attitude and work in the legislative session:

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women—whether you will ever build yourself up to your normal, full-weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood pure, working full time. It helps build new blood-cells. That's why S. S. S. builds up the run-down people. It puts firm flesh on your bones. It rounds out your face, sums neck, tones the whole body. It puts the "spring" in your cheeks. It takes the "cloudiness" from the eyes, and it fools rather Time by smoothing out wrinkles from men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

\$525 IN PRIZES FOR THE BEST RHYMES

A new contest is just being started which will interest every woman and girl who reads this paper. Any woman or girl can enter this Contest—anyone can win! All it is necessary to do is to write a line rhyme on Dr. Price's Phosphate Baking Powder, using only the words which appear either on the label of the Dr. Price can (front and back) or on the printed slip which is found in each Dr. Price can.

Isn't that easy? Everyone likes to make rhymes and here is a chance to spend a fascinating hour or two writing rhymes on this popular Baking Powder and perhaps winning a substantial prize for your efforts.

59 CASH PRIZES

For the rhyme selected as best a prize of \$100 will be given; for the second, third and fourth best rhymes prizes of \$75, \$50, and \$25, respectively will be given. And besides these prizes there will be 55 prizes of \$5 each for the next 55 best rhymes. With such a long list of prizes as these, it would be a pity not to try your hand at it!

Here is a 4-line rhyme as an example:

Two teaspoons of this powder make
Biscuits, muffins, pie or cake,
The Price's Co. guarantee
No alum in the cans to be.

As Dr. Price's Phosphate Baking Powder sells for only 25 cents a 12 oz. can at grocery stores, some rhymes could play up the remarkable economy of this pure and wholesome baking powder which contains no alum.

All rhymes must be received by May 1, 1922. Only words appearing either on the label of the Dr. Price can (front and back) or on the printed slip contained inside the can may be used. These words may be used as often as desired, but no other words will be allowed. If you haven't a can of Dr. Price's, a copy of the label and the printed slip will be sent to you free upon request.

Any woman or girl may enter the Contest, but only one rhyme from each person will be considered. In case of ties, the full amount of the prize will be given to each tying contestant. Write plainly on only one side of a sheet of paper and be sure to give your name and address.

Send your rhyme before May 1st to
Price Baking Powder Factory
1005 Independence Blvd., Chicago, Ill.

Mr. Searcy did not give full cooperation to our cause. He made trouble for the Anti-Saloon cause early in the session, by a letter criticizing the Anti-Saloon league which he sent to the press without taking the matter up with our organization of any of our leaders. He did this for factional reasons. The criticism he made on the Anti-Saloon league was unfounded. He surmised that we might be going to do certain things that we never thought of doing. This act on his part was explained by some from the fact that he had been a newspaperman and rushes quickly into the use of printer's ink. Through the session in our conferences his attitude was—my faction and personal interest first, let come what will after that to the Anti-Saloon cause. He did not show the magnanimous spirit that other friends maintained. I am sure this opinion was concurred in by most of our friends. His attitude was partially excused on the ground that his relatives were on the pay roll of the attorney general's office and that he was supported by the Dick Sullivan organization. He disclaimed support by this wet organization two years ago, but acknowledged it now.

"At the close of the session we had a close fight on the referendum. This was an effort of the wets to submit the Anti-Saloon league bill to a referendum, which would have postponed the bill until next fall and would have defeated same in all probability. It was suggested by the wets. On the first roll call Mr. Searcy voted for same, but changed his vote before the final count. He voted on third reading for the Illinois Prohibition act.

"The letter to which he refers and a copy of which he was sent, went out from our office, June 27. For argument's sake grant that he was fully entitled to that letter at that time. He has since proven himself unworthy of same. On July 5, some twelve days after he had received the letter he came out in the Illinois State Journal with an open letter in which he criticized the Anti-Saloon league viciously, making insinuations that were without shadow of reason or justification. He charged one of our district superintendents by inference with doing things of which this superintendent was in no way guilty. He blamed the state superintendent without giving any concrete case, with doing certain things which the state superintendent had never thought of doing. He charged us with opposing legislation on behalf of which legislation we had made the hardest fight we ever put up at Springfield, our efforts running over the entire session, making it necessary for us to work night and day for the four nights, and four days at the close of the session, and which legislation was enacted only because of the work of our organization. It never could have been passed without our sincere and active efforts. I can prove this by any member of the senate, wet or dry.

"Do not forget these charges. He came twelve days after he had received the letter that he would now have you read as an expression of our attitude toward his work.

"Some of the statements of this letter would indicate that his attitude in relation to the future program authorized by the headquarters committee and the state board of the Anti-Saloon league is questionable. He is now opposed to a part of this program.

Reasons For Statement.
"The following, however, are the chief reasons upon which the headquarters committee based its unanimous endorsements of Mr. Wheeler:

"First—Mr. Wheeler is a candidate for re-election to the senate. He has served faithfully for the four years of his term.

"Second—Senator Wheeler has been the outstanding dry leader of our dry bills, worked hard for every measure our organization favored, including in this list an appropriation for the attorney general, Brundage. To him must be given most of the credit for as senate members are concerned for the enactment of this measure.

"Third—He put the dry cause above every factional interest. Mr. Searcy put his faction first and will do so in the future. There has been a factional fight in every session for years and we must win by having the dry put their dry cause above the faction.

"Fourth—Dick Sullivan, the wet leader, of Springfield who has elected year by year, Jacob Frisch, the wet house member from the Forty-Fifth district and who is supporting him for re-election now has been out to defeat Senator Wheeler since the day Wheeler began to enforce the prohibition while Sheriff of Sangamon county.

"Sullivan opposed Wheeler four years ago. Unable to elect a wet he is willing to support a nominal dry if by so doing he can get rid of Senator Wheeler, the Anti-Saloon league dry leader. His slogan is Anyone but Wheeler.

"If he succeeds we lose leadership in the senate and house. We will lose legislation because of the lack of leadership and support. It is true leadership that we secure votes, and we cannot pass legislation without both leadership and votes.

"Wheeler has put the dry cause first. The Anti-Saloon league recognizes this and has given him its endorsement because of this fact. Earl B. Searcy is the candidate. Wheeler's wet opponents have in the fields with which to defeat him.

"The act of the headquarters committee was unanimous and was only determined March 11, 1922. This committee asks friends interested in the Anti-Saloon cause because of the above reasons to support Senator Wheeler for re-election to the senate."

(Signed) F. SCOTT McBRIDE,
"State Superintendent, Anti-Saloon League."

REPORT GAINS IN BUILDING TRADES

CHICAGO—(By The A. P.)—Healthy conditions in industries supplying building materials as well as in the building trades, and gains in the tanneries and in the manufacture of metals, machinery and conveyances, are reported by the state department of labor in survey of the employment condition in Illinois at the close of February.

The reports from the superintendents of the Free Employment Service are more encouraging than those from employers. The superintendents' report that although there were 2,870 fewer persons seeking work at the offices, there were 319 more opportunities for employment in February than in January. There were 209,7 persons registered for each 100 jobs open in February at all the offices as compared with 232.4 in January and 261.1 in February, 1920. In Chicago the ratio of registrants to jobs was 205.3 compared with 238.9 in January and 318.2 in February of last year.

The volume of employment reported for more than one third of the employees now at work in factories, public utilities and trade companies shows an increase of .15 of one per cent. However, nearly 33 1-3 per cent more workers were employed in building operations. Seven out of ten tanneries increased employment, the gain for the month being 6.8 per cent, despite the fact that leather industries as a whole are said to be subject to a seasonal reduction of activity in February. The stone clay and glass product industries seem to be entering early upon their season of greatest activity. The largest gain in this group was recorded in the glass factories, 33 out of 58 reporting concerns in increasing operations.

WERE MARRIED

LAST FEBRUARY
Mr. and Mrs. Frank Morris, who have been visiting for a number of days at the home of Mrs. Morris' parents, Mr. and Mrs. E. Smith, on South Prairie street, left last evening for Chicago. It was just learned yesterday that Mr. and Mrs. Morris were married in February, 1921 and the fact was not known to their families or friends.

Mrs. Morris attended the Jacksonville High school and later went to Brown's Business College. About three years ago she went to Peoria and took a position as office secretary. Though she has not been in Jacksonville for several years she has many friends here who will join in congratulations. Mr. Morris is an architectural draftsman and he and his wife will make their home in Chicago in the future.

TWO WILLS WERE FILED

FOR PROBATE MONDAY

The will of the late William T. Brown was filed for probate Monday in the office of County Clerk Riggs. The will was made March 24, 1920, with Lena Engel and Lana McPhail as the witnesses to the signature. Mr. Brown provided for the equal distribution of his property, one-third part to J. Howard Brown, one-third to Mrs. Susan Brown Korner and one-third to the two children of Hazel Brown Bellatti.

The will named Walter Bellatti as trustee for the children until they reach the age of 21 years, and Mr. Bellatti is also named executor. A codicil was made to be will in August, 1920, in which Mr. Brown provided that his son, Howard Brown, should have household furnishings, tools and some other personal property.

The will of Gustave Haese was also filed for probate. This will was made March 21, 1922, and H. J. Rodgers is named executor. By the terms of the will Mr. Haese bequeathed all of his property to Elizabeth Kirsten of Santa Barbara, Calif.

FOOD LESSON No. 16

Full-Cream Milk Only
Used for **GOOD LUCK**

The butter-fat content of milk is highly valued as human food and used for creamery products. Milk prices to farmers are based on butter-fat.

But butter fat is only a small part of the whole milk; while the balance contains practically all the valuable carbohydrates, proteins and minerals as well as most of the water-soluble vitamins and half of the fat-soluble vitamins.

All of these very important food elements are included in fresh Jelke **GOOD LUCK** because full-cream milk in its purest and best form is churned in fresh Jelke **GOOD LUCK** Spread-for-Bread.

Thus in using **GOOD LUCK** you serve a milk product that contains energy-producing, muscle-making, and bone-repairing food elements, as well as growth-producing vitamins.

Because it is wholesome, nourishing and pure serve—

WIDOW CRIES FOR JOY.
"I couldn't eat anything but raw eggs and sweet milk and was so weak I could hardly walk across the room. I would have been in my grave today if I hadn't taken Mayr's Wonderful Remedy when I did. When I think how I have suffered with my stomach and how good I feel now I cry for joy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all drug-gists.—Adv.

CRIMINAL LAW CLINIC IS NEXT

May be Established in Chicago—
Serve Men and Women Too
Poor to Obtain Proper Counsel.

CHICAGO, March 8.—A "criminal law clinic," designed to serve men and women too poor or too inexperienced to obtain proper counsel for themselves, has started operations here through the co-operation of the Northwestern University law school, the Chicago Bar association and the Central Howard association.

The "clinic" is the result of a conference of representatives of the three organizations, at which it was agreed that the law school would supply senior students who desired experience in criminal law to serve as clerks and investigators; the bar association would supply a list of competent lawyers to judges of the criminal court, and the Central Howard association would bring this service to the attention of unfortunates.

A bulletin issued by Dean John H. Wigmore, of Northwestern University law school, announcing the clinic, brought eleven students who agree to act as clerks and investigators and to do the preliminary work to the trial, and also to assist in the actual trial work. The board of managers of the bar association has approved the plan and has prepared a list of 150 lawyers who are to be assigned to this service.

"This departure," said Dr. F. Emory Lyon, superintendent of the Central Howard association, "is not intended to open an avenue of escape for habitual criminals. In fact, it is not likely to be used by this class, as they are 'wise' and have their own attorneys. It is for the benefit of ignorant foreigners, country boys and girls and others who are accused of crime, often unjustly. It is aimed to keep this class, which is quite numerous, from the clutches of the harpies who infest the criminal courts and prey upon the ignorant and unfortunate."

Grace Church Doings

The Bloomington School passes the local school in the contest now pending between the two schools and leads by a margin of thirty points. Rev. Casely of the Bloomington Church was present and spoke in a very pleasing manner in relation to the contest at the Sunday School hour.

John Kearns was back as the leader of the orchestra. The adult classes were unusually well attended. There were sixty men in the Men's Bible Class. The newly elected officers of the student class are as follows, President—Marion Whirl; Vice President—Glenn Ebrey; Secretary—Eunice Williamson; Treasurer—Pauline Tull; and Teacher—Mr. Guild. The class is planning some real class activities. The Bloomington School reported an attendance of 448, an offering of \$30.56, 23 new scholars, 73 per cent of their attendance on time and 54 per cent their attendance last Sunday attending a church service. The Jacksonville School had an attendance of 452, an offering of \$27.24, 59 per cent of the attendance on time, 7 new scholars and 49 per cent of the attendance last Sunday attending a church service.

The local school is now put on her metal and it remains to be seen if she will respond. The classes are catching the spirit of the contest and from now on a real live contest will be on.

Rev. Casely preached in a very acceptable manner to large audiences both morning and evening. The music by the choir was pleasing. Junior and Intermediate Leagues met at 2:30, Senior League at 6:30 was led by Miss Bonnie Olson of the Woman's College and was one of the most largely attended meetings of the year. Russell Pinkerton led the singing. The league is to give a Kid Social in the church parlors Thursday evening. All young people of the church and school are invited.

Tuesday evening the school of religion will have its closing classes, a luncheon will be served at six o'clock. All who have been enrolled at any time during the year are invited. The luncheon and classes will be held in the basement of Centenary Church instead of the regular meeting place.

Junior Scouts meet Tuesday afternoon. The Scout Troop 7 meets Friday evening.

MISS HELEN RAWLINGS
SPOKE AT BAPTIST CHURCH

A large audience was present at First Baptist church Sunday morning to hear an address by Miss Helen Rawlings on her work as a missionary in China. Two years ago Miss Rawlings returned to her home land to take a course in kindergarten and primary school work at Columbia University, N. Y. City.

For five years prior to returning home Miss Rawlings was in charge of the Baptist Training School for Girls, also serving as superintendent of the Union School for Girls in Hangchow. Her work in China covered a period of fifteen years, six years being spent in Huchow.

Miss Rawlings left yesterday for Springfield for a visit with her brother, Dr. Isaac D. Rawlings. Later she will visit Chicago and Emporia, Kans., and on April 14 expects to sail on the Japanese steamer Kaga Maru from Seattle for Hangchow.

SCHOOL OF RELIGION WILL CLOSE TONIGHT

The closing session of the School of Religion, which has been conducted during the winter by the three Methodist churches of Jacksonville, will be held this evening. The school has been meeting at the Woman's college, but owing to a conflict of programs for that evening, the last session will be held at Centenary church.

Everyone who has been at any time enrolled in any of the classes is urged to be present for this occasion. Each one will bring sandwiches for himself and one other dish and lunch will be served at six o'clock. Following the meal, the classes will meet and the lesson will be finished in time for those present to attend the union meeting at the Congregational church.

WHY SUFFER SO?
Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Jacksonville people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit? Ask your neighbor!

Mrs. R. T. Twyford, 436 E. Lafayette St., Jacksonville, says: "I used Doan's Kidney Pills ten years ago and I have had no trouble since. I had severe pains through my back and a dull, dragging ache seemed to settle in the small of my back. When I would bend over a sharp stabbing pain would take me across my kidneys and it would be hard to get straight again. I also had dull headaches. I read of how good Doan's Kidney Pills were and started using them. They fixed my kidneys up in a good, healthy condition after I had used five boxes and I have not had a sign of the complaint since. This ten-year-old cure speaks well for Doan's and I am glad to recommend them for what they did for me."

Studebaker

The New LIGHT-SIX
\$1045
f. o. b. South Bend

Studebaker is the world's largest builder of six-cylinder motor cars!

1921 was the TEST YEAR for motor car values. It was a year of discriminating buying. People did not buy cars, last year, as the result of a whim or fancy. They bought on the basis of intrinsic values.

And in such a year Studebaker built more six-cylinder cars than any other manufacturer in the world.

Studebaker led in 1921 because it built—completed in its own plants—cars of superior design, materials and workmanship, at the lowest possible prices.

Studebaker will lead again in 1922 because, in the new models, the refinements of the new year have been added to the proven values of the old. Be sure to see the new models at the show.

Look for these Features in the New Light-Six at the Show:

- A car of 112-inch wheelbase, built complete in Studebaker plants, seating five adults in perfect comfort. Genuine leather upholstery.
- 40-H.P. 3 1/2 x 4 1/2 detachable head motor of exclusive Studebaker design. Intermediate transmission.
- Valves inclined at 20-degree angle for purposes of greater economy and smoother performance.
- Patented internal hot-spot, which means greater efficiency. Completely machined crankshaft and connecting rods.
- Cowl ventilator controlled from dash. Cowl parking lights. Thermostatic-controlled cooling system.
- Large plate glass window in rear of top.
- 32 x 4-inch cord tires.

CROP REPORT CAUSE
OF HIGHER PRICES

By Associated Press.
CHICAGO, March 27.—Asser-
tions that 800,000 acres in Kansas
would not yield half a crop did a
good deal today to bring about
higher prices for wheat. The
market closed unsettled at 1 1/2c
2 1/2c net gain with May \$1.32 1/2
to \$1.33 and July \$1.18 1/2 to \$1.19 1/2.
Corn finished 3 to 10c higher, but
only up 1/2c to 3/4c in provisions the
outcome varied from 30c decline
to 50c advance.

According to a usually well in-
formed authority the big acreage
wheat in Kansas promising less
than a fifty per cent harvest is in
Ford, Cloud, Rush and Clay
counties where big advances say
the winter crop is failing to come
up.

Reports of damage by green
bugs in Oklahoma and elsewhere
southwest were also of consid-
erable effect in turning wheat trad-
ers to the bull side of the market
during the last part of the day.

Gossip was also current that
more export buying was in
progress than was apparent on
the surface. Germany is particu-
larly interested in acquiring title to
liberal amounts of new crop grain
for deferred shipment.

Before the advance in the
wheat market took place much
weakness in prices was shown,
the result of a decided
setback of values at a Liverpool.
The extreme decline here amount-
ed to as much as 10c in some
cases compared with top figures
of last week.

Subsequent buying was based
partly on opinions that liquidat-
ing sales were at an end for at
least the time being.

Corn and oats, swayed with
wheat, were also higher.

An unexpected decrease in the
visible supply of corn was a late
bullish factor.

An unexpected decrease in the

Provisions averaged lower with
hogs.

HOME OF BOONE FALLING TO RUIN
Has Been Standing for One Hundred and Ninety Two Years.
Reading, Pa.—(By The Associated Press).—Deteriorated by the elements it has withstood for 192 years, the stone house in the foothills of Exeter township, Berks county, where Daniel Boone, the Kentucky pioneer, was born, is slowly falling to ruin from lack of care. Until two years ago the house had been tenanted and the necessary repairs made, but now it is deserted, the cellar full of water, windows broken,

Mrs. T. G. Beadles and children spent the week end with her parents, Mr. and Mrs. Charles Greenwalt in Jacksonville.

NOTICE TO TAXPAYERS
The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.
Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

HIGH SCHOOL NOTES.
Staples, the magician made a great hit at the high school last evening when he gave a performance in the auditorium. A large audience gathered for the evening and witnessed an interesting program of sleight of hand, ventriloquism and cartooning. Mr. Staples is clever with sleight of hand and his tricks occasioned much laughter and merriment among the members of his audience. His crayon cartoons which he drew off hand while on the platform were especially good. Staples is working for Chaplain Foltz who is stationed at one of the Texas Camps set aside for the care of disabled soldiers and the high school management of Jacksonville secured him to come to the city for the entertainment.
There has been a great deal of lively interest in the ticket selling contest for the moving picture series at the high school. The contest is to see which of the four classes can sell the largest number of tickets and the final report will be given this afternoon at the close of school. The class which sells the largest number of tickets for this week and next week's picture will be given free admissions to the last film of the series. Tonight a five reel production will be shown. It is a dramatization of Squire Hawk-in's Stories by James Whitcomb Riley and every one who likes Riley and his poems will not want to miss this Hoosier Romance. "Silas Marner" is the picture scheduled for next week and will be shown Monday night, April 3rd.
A bulletin from the Near East Relief organization was recently received at the high school offering prizes for the best papers written by high school students on the situation in the Near Eastern countries. Seven students from the local high school have signified their desire to compete for the prize and are planning to enter the contest. High school authorities have sent into headquarters for information in regard to the writing of the papers.
The J. H. S. Exhaust, the Jacksonville high school weekly publication has conducted a story contest and in the last issue of the paper the prizes were announced. The first prize, a box of candy, went to Allen Kelly Jr., whose story "The Bet That Went Wrong", was printed in the last number of the Exhaust. The second prize was awarded to Corienne Robinson who wrote, "Donald's Misfortune." Third place went to Louise Southwell who wrote, "Jane's Awakening." The judges in the contest were Miss Madden, Miss Shelah and Mr. Loomis.

MUSCLE SHOALS BOOSTER WILL ATTEND SHOW
G. C. Melrose of Peoria, a booster for Muscle Shoals property, will arrive in the city today and during the Auto Show will be at the Real Estate booth of J. A. Weeks. Mr. Melrose is an agent for property in Muscle Shoals, Alabama and will sell lots here during the show. Mr. Melrose has lived in Muscle Shoals and is qualified to speak on the conditions in this much talked of part of the country. He will be able to explain the proposed Ford contract and will explain the predicted economic prosperity which will result not only to Muscle Shoals but to the whole south if the project goes through.

SPRING CEREMONIAL OF ANSAR TEMPLE
The Spring Ceremonial of Ansar Temple will be held in Springfield on Monday, April 3. This is the ancient Arabic order of the Mystic Shrine and a number of Jacksonville people are members. It is expected that several local nobles will attend the ceremonial.

SOCIAL SERVICE OFFICERS TO CONFER
Secretaries of the different Social Agencies in Jacksonville have received notices from Miss M. E. Schmicker of Peoria, secretary of the Illinois Secretaries' Council, of a conference to be held in Evanston on March 31st and April 1st. The conference will be attended by secretaries from all over the state and at this time problems of the social work will be discussed. It is probable that representatives of the Red Cross, Social Service League, Morgan County Anti-Tuberculosis League, and other social agencies in the city and county will attend this conference.

The subjects for consideration at this conference will be: Unemployment and Its Train of Attendant Evils; Co-operation With Civic and Social Organizations; Work With Mental Cases; Legal Aid Service; Transients; Results of Prohibition; Deserters; How to Give Adequate Relief to Non-Cooperating Families. There are all vital present day problems to the social worker and their consideration at the conference will prove of benefit in the solving of difficulties.

Skip 3 names of machine men and give all your 3 votes to Isidore Levin for State Representative, Republican primary, April 11. Levin is the man grafters fear. Frisch, Rogers and Moore are afraid to debate him. (adv.)

Studebaker NEW BIG-SIX
Series 22
At the Show!
The New Studebaker Cars, now on display at the Show, insure a continuance of Studebaker leadership in motor car VALUE.
In the New BIG-SIX you get the wonderful performance of its 60-horsepower motor, the roominess of its seven-passenger Studebaker-built body, its unusually easy gear shifting, and steadiness on the road at all speeds.
There is distinctiveness of appearance in its beaded edge body, tailored top, massive head lamps, graceful cowl parking lamps, and clear-vision, one-piece rain-proof windshield.
But basically, the New BIG-SIX is the same dependable car that contributed much to making 1921 a Studebaker Year.
If you pay more than the price of the New BIG-SIX you may buy more weight, but it is impossible to get finer materials or better workmanship. Its light weight and the use of the highest quality materials, contribute in making the New BIG-SIX the greatest 7-passenger automobile value on the market today.
Look for These Features in the New Big-Six at the Show
60-H.P., 3 1/2 x 5-in. motor with detachable head. Dry plate disc clutch which makes the shifting of gears unusually quiet and easy.
Intermediate transmission.
A new seven-passenger body mounted on a sturdy chassis of 12-in. wheelbase, with heavy beaded edge, graceful cowl, larger and higher hood; built complete in Studebaker plants.
New one-piece rain-proof windshield that gives greater vision. Windshield wiper. Cowl parking lights, miniature of headlights, in corners of windshield.
Cowl ventilator, operated from dash. Courtesy light on driver's left. Tonneau light with extension cord.
Massive and artistic headlights with improved deflecting and diffusing lenses.
Deep, luxurious cushions upholstered in hand-buffed genuine leather. Large plate glass window in rear of tailored top.
Tool kit in pocket on left side of driver, locked with same key that fits transmission lock and ignition switch.
33x4 1/2-inch cord tires.
